(Women's Health and Aging Study, baseline interview, 1992-1995)

All variables have less than 1% missing data. Results are based on non-missing data.

Descriptive statistics are based on weighted data.
Categories for each item may not add up to 100% due to rounding.

No ADL difficulty; disabled in two or more domains (see Chapter 1).
Have you had (this/any) pain in your . . . (during the past month)?
Respondents who answered "Yes" to the question about pain were then asked "Please rate the average pain in your . . . during the past month by giving me a number from 0 to 10, where 0 is no pain and 10 is severe or excruciating pain, as had as you can imagine " bad as you can imagine."

During the past year, have you had pain in your lower back on most days for <u>at least one month</u>?
